KIRKBY MALZEARD CE PRIMARY SCHOOL

19th March 2018

Dear Parents/Carers,

As I am sure you are aware, this week the whole country is raising money towards '**Sports Relief**' and we have been very busy in school thinking about how we are going to celebrate the event.

As part of our school focus on mathematics, we will be investigating 'How far can Kirkby Malzeard School jump?' As part of our Sport Relief challenge each child will be completing a long jump at some point this week. They will then use their measuring skills to measure a friend's jump. We will combine the measurements to first of all give us a class total and finally a school total, revealing '**How far can Kirkby Malzeard jump?**'

The results will be announced during a special Sport Relief assembly on Thursday. We would also like to invite the children to come dressed in sporty clothing on this day and make a voluntary donation of £1 to the charity. Please note we will be celebrating Sports Relief in school on **Thursday** as many Key Stage 2 children are attending the charity concert on Friday.

If you have any questions please speak to any member of staff in school.

We look forward to supporting this important charity.

Many thanks,

Mr S Donaldson
P.E / Maths Leader
