KIRKBY MALZEARD CE PRIMARY SCHOOL

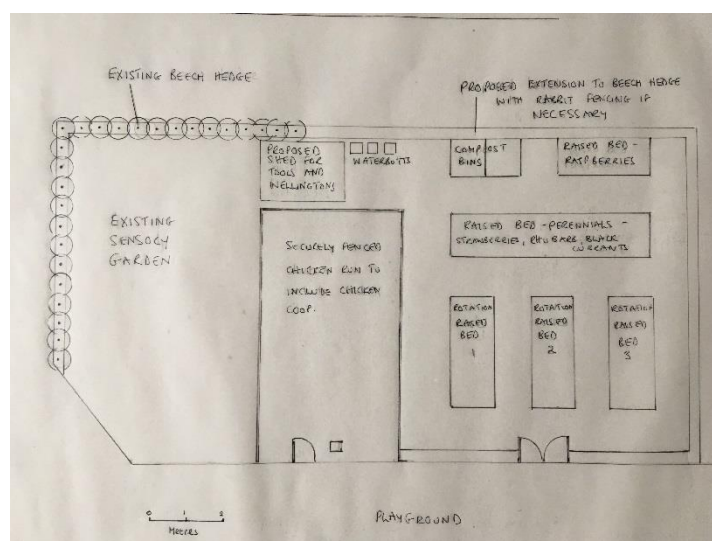

23rd January 2019

Dear parents, carers and members of our community,

Our children are very keen gardeners and we have always been proud of our vegetable garden. When our new classrooms were built, it meant that we had a chance to completely redesign the garden area and give our children a project to take part in.

Our new garden will allow the children to grow, harvest, cook and sell our own produce. This is invaluable for their understanding of where our food comes from and gives us many opportunities for scientific enquiry.

We are pleased to inform you that the School Governors have approved our plan (see below). In addition to bigger and better raised beds, we hope to include a larger shed and a chicken run. We plan to have at least some of the features in place by the end of this term so that children can start growing things for next year.

In order to complete this project, we need your support in the form of skills, materials and time. If you are able to support us with fundraising, materials (such as timber, fencing or other materials that might be useful) or are able to give up your time to help us with building the garden, please get in touch to let us know. Please leave your details at the school office, or alternatively contact Pippa Manson directly via email (pippa.manson@live.co.uk) or telephone (07812714677).

We would also like to thank Pippa for her enormous contribution to planning this new project - we feel privileged to have her support and knowledge to get this venture underway.

Kind regards,

Mrs A M Peacock
