

Synergy Psychology Limited

A twilight training course to enhance the role of School Teachers and Teaching Assistants in supporting Autistic children and young people

Autism Awareness Training

One of a range of twilight training courses, specifically focussing on supporting children and young people with Autism.

The course may be booked as a traditional 90 minute twilight session, or incorporated in to inset days.

Time: 3:30 pm – 5 pm (for twilights, other times by arrangement).

Cost: £350

This Course:

- Introduces autism, its history and core features
- Discusses the strengths and challenges of children and young people with autism
- Looks at Executive Function and Central Coherence for Autistic pupils
- Introduces sensory differences
- Builds capacity in school staff for supporting children and young people with autism
