

Synergy Psychology Limited

A twilight training course to enhance the role of Teachers, Teaching Assistants and other support staff in supporting Autistic children and young people

Girls on the Autism Spectrum

One of a range of twilight training courses, specifically focussing on supporting Autistic children and young people.

The course may be booked as a traditional 90 minute twilight session, or incorporated in to inset days.

Time: 3:30 pm – 5.00 pm (for twilights, other times by arrangement).

Cost: £350

This Course:

- Compares the gender differences in Autistic children and young people
- Focuses on the challenges for many Autistic girls in both primary and secondary settings
- Highlights strategies to support girls

Now I can understand why our girls are overlooked as having ASD, they are masking!

It's been brilliant to share this information with parents.
